EDUCATION

George Mason University

Expected Dec. 2027

B.S. Information Technology - WADV Conc. | Minor in Computer Science and Design Thinking

Current GPA: 3.61/4.0

Courses: Essentials of Computer Science, Introduction to Computer Programming, Object-Oriented Programming, Introduction to Low-Level Programming, Formal Methods and Models, Data Structure and Algorithm

SKILLS

Technical Languages: Python, Java, C, HTML, CSS

Tools: Microsoft Word (Certified), Microsoft PowerPoint (Certified), Microsoft Excel (Certified), Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Figma, Framer, Canva

Languages: Cantonese (Native), English (Fluent), Mandarin (Basic)

PROJECTS

MagTracker | Adobe Illustrator/Figma

Sep. 2025 – Dec. 2025

- Collaborated in a multidisciplinary team to design a magnetic, QR-based item tracker positioned as an affordable, lifestyle-oriented alternative to AirTags and Tiles.
- Led UX and branding contributions, creating user personas, user journey maps, visual identity guidelines, and marketing messaging focused on accessibility, simplicity, and everyday usability.
- Applied design-thinking frameworks to define user needs, prototype solutions, and iteratively refine the product concept based on peer and user feedback.

Linking Narratives | HTML/CSS

Apr. 21, 2025 – Apr. 30, 2025

- Built a ten-page multi-path narrative site using HTML and CSS only, emphasizing consistent styling and responsive typography.
- Implemented non-linear navigation and interactive states to guide readers through alternate story quotes.
- Optimized assets and styles to cut page weight and improve first contentful paint across devices.

Grade Management System | Java

Apr. 8, 2024 – Apr. 26, 2024

- Parsed structured grade files and computed final marks via rule-based logic.
- Enforced validation and error handling across inputs to maintain accuracy and data integrity.
- Packaged reusable parsing utilities and unit tests to speed instructor onboarding and updates.

EXPERIENCE

Graphic Design Intern | Running Name LLC Woodbridge, VA (Remote)

Nov. 2025 – Present

- Designed visual assets (logos, social media graphics, branding materials) aligned with client goals, brand identity, and target audiences.
- Collaborated with clients to iterate on designs through feedback, revisions, and refinement, ensuring clarity, consistency, and usability.
- Managed multiple design projects simultaneously while meeting deadlines and maintaining high visual and brand standards.

Tutor | George Mason University Fairfax, VA (Remote)

Sep. 2025 – Present

- Designed and delivered personalized one-on-one lessons using Self-Regulated Learning (SRL) strategies, including goal-setting, performance monitoring, and reflection.
- Adapted instruction to individual skill levels through interactive activities, targeted practice, and structured routines to improve mastery.
- Implemented motivation and engagement strategies (voice and choice, reward systems, ongoing feedback) while tracking student progress to support continuous improvement.
